Chapter 2

The *Tattvayogabindu* of

Rāmacandra

Critical Edition & Annotated

Translation

Chapter 3

Appendix

3.1 Figures

Figure 3: The *dehasvarūpa* of *ajapāgāyatrī*. The image, reminiscent of a hippogriff, is part of an illustrated Sanskrit manuscript written in the Śāradā script. Preserved as a single large scroll under Acc. No. 1334 at the Oriental Institute in Srinagar (Kashmir), it is entitled *Nāḍīcakra*. The manuscript contains a depiction of the yogic body's *cakras* and *nāḍīs*. The text surrounding the figure closely corresponds to the additional material found in manuscript U₂ of the *Tattvayogabindu*. The manuscript reads (diplomatic transcription): *om daśame pūrṇagiriṇīthe lalāṭamaṇḍale candro devatā amṛtāsaktiḥ paramātmā ṛṣiḥ dvāvīṃśaddalāni amṛtavāsinikalā 4: ambikā 1 lambikā 2 gha(m)ṭkā 3 tālikā 4 dehasvarūpaṃ kākamukhaṃ 1 naranetraṃ 2 gośṛṅgaṃ 3 lalāṭabrahmapara 4 hayagrīvā 5 mayūramuśchaṃ 6 haṃsacārītāni 7 sthāna.*

Figure 4: Viṣṇu Viśvarūpa, India, Rajasthan, Jaipur, ca. 1800–1820, Opaque watercolor and gold on paper, 38.5 × 28 cm, Victoria and Albert Museum, London, Given by Mrs. Gerald Clark.

Figure 5: The Equivalence of Self and Universe (detail), folio 6 from the *Siddhasiddhāntapaddhati* (Bulaki), India, Rajasthan, Jodhpur, 1824 (Samvat 1881), 122 x 46 cm, RJS 2378, Mehragarh Museum Trust.
